CHANNEL 11 7:15 P.M. WATCH WITH WEDNESDAYS, 7

OF THE CHICAGO DENTAL SOCIETY

# In commemoration of the A.D.A. Centennial we at Kennedy proudly salute these immortal dentists...

G. V. BLACK

Systematizer of operative dentistry; researcher in the fields of caries, dental materials, and dental histology.

H. WELLS

Introducer of surgical anesthesia, and first user of nitrous oxide as an anesthetic.

When we think of the immortals of American dentistry, and there are many, we must begin with G. V. Black. A dental scientist who contributed enormously to modern dentistry's storehouse of knowledge, he—more than any other single man—made our nation dental health conscious. The importance of Morton's and Wells' contribution of anesthesia—not only to dentistry but to general surgery as well—is all too evident.

# News and Announcements

#### OLD TIMERS DINNER ON DECEMBER EIGHTH

The Englewood Branch of the Chicago Dental Society announces that the annual Old Timers dinner-meeting, honoring members with twenty years service in organized dentistry, will take place at Nielsen's Restaurant, Western & 79th, on December 8th.

Contact Dr. Louis P. Horevitz, PRospect 6-2851, for reservations.

#### CARL GREENWALD ELECTED TO A.D.A. COUNCIL

In our November 1st issue we listed the names of Chicago Dental Society members who were honored by A.D.A. appointments. Through oversight we omitted the fact that Dr. Carl Greenwald was also honored by being elected to the Council on National Board of Dental Examiners at the recent Centennial meeting in New York. Our apologies, and congratulations!

#### NAVAL RESERVE MEETING

The next meeting of U. S. Naval Reserve Dental Companies 9-2, 9-3 and 9-5 will be held Friday evening, November 20th, 8:00 p.m., at the Naval Armory, Randolph Street at the Lake. Dr. Donald Casey will talk on "Medical Emergencies in the Dental Office."

#### EMPIRE ROOM SHOW FOR MIDWINTER DINNER-DANCE

Dr. Olan B. Kibler, Chairman of the Entertainment Committee of the Midwinter Meeting, announces that the entire cast of the Palmer House Empire Room will present the entertainment for the Wednesday night, February 10th, dinner-dance. Heading the cast will be Monique Van Vooren, internationally known singer and dancer, and three male dancers; Alan King, star comedian of Radio and TV, and the Empire Room orchestra. This is an outstanding show and will be a real bargain in the way of terrific entertainment.

#### HAVE CLINIC? WILL TRAVEL?

The Michigan State Dental Association extends an invitation to the members of the Chicago Dental Society to participate in the table clinic portion of the Association's Annual Meeting. The MSDA Annual Meeting is one of the outstanding state dental meetings and it is always well attended. Those of our members who wish to share their information with fellow dentists and present a table clinic May 2, 3 or 4 in Detroit before the Association will have an interested and alert audience. The clinics are held on the three afternoons of the meeting. The Association meeting, as is

the case with the majority of meetings, does not offer honoraria to table clinicians.

Application should be made before December 1, 1959, and should be addressed to Dr. Donald K. Pokorny, Chairman, Table Clinics, 15 Kercheval, Grosse Pointe Farms 36, Michigan.

#### MEMORIAL FOR DR. FRED MOLT

There have been a large number of inquiries regarding a memorial for Dr. Fred Molt, a former officer and very active member of the Chicago Dental Society who recently passed away in California. For those interested, contributions may be mailed to the Naval Relief Fund, c/o Richard P. Molt, 20618 Grenwood Drive, Olympia Fields, Illinois.

#### NAVAL RESERVE 9-6 NAMED OUTSTANDING DENTAL UNIT

For the second time in four years, Naval Reserve Dental Company 9-6 has been designated the outstanding reserve dental company in the Ninth Naval District. This followed the annual audit of competition with twenty such units in the thirteen states which comprise the district. This accomplishment is based on the annual military inspection and general excellence of performance and is the result of leadership of the highest degree and interest, participation and cooperative endeavors of all associated officers.

The Commandants Trophy and Permanent Plaque awarded November 6th in recognition of this achievement were presented by Rear Admiral Daniel W. Ryan, Ninth Naval District Dental Officer and Captain Carl G. Henn, Reserve Program Officer for the district.

This unit, organized in 1948, has headquarters at the United States Naval and Marine Reserve Corps Training Center, 1100 Central St., Evanston, and is composed of reserve dental officers who are in practice in the Chicagoland area. The unit is presently commanded by Captain William H. DeWolf who resides in Woodstock, Illinois.

#### A. H. GRUNEWALD RE-ELECTED TO PROSTHODONTICS BOARD

Dr. A. H. Grunewald, Chairman, Prosthetic Department, Northwestern University Dental School, has been reelected to the American Board of Prosthodontics for a three-year term. Our congratulations!

#### NORTH SIDE WORKSHOP

Dr. R. E. Kadens, Chairman of the Workshop Committee of the North Side Branch of the Society, has announced that their first Workshop meeting will take place on Wednesday, December 9th, at Tam-O-Shanter Country Club. Dr. James Kershaw, Providence, R. I., will speak on "Practice Administration." The fee is \$15.00 and includes continental breakfast and lunch. Assistants will be admitted free but will pay for luncheon.

#### NORTH SUBURBAN BRANCH DECEMBER MEETING

The North Suburban Branch of the Society will hold an afternoon dinner and evening meeting at Fort Sheridan on Thursday, December 3rd. The program will begin at 2:00 p.m. with a social gathering from 5:00 to 7:00, followed by dinner and entertainment.

Colonel Joseph Bernier, Director of the Dental Division of the Armed Forces Institute of Pathology at Walter Reed Hospital, Washington, D. C., will discuss the varied activities of the Institute and the latest findings on the effect of high speed operative dentistry on the dental pulp.

#### TEACHING FELLOWSHIPS IN ORAL ANATOMY

The Graduate Department of Loyola University School of Dentistry is offering several Teaching, Research Fellowships in Oral Anatomy. These fellowships contain an annual stipend of up to \$4,500. If it is desired by the Fellow,

## CASE PRESENTATION

by

#### DR. CECIL H. BLISS

of Sioux City, Iowa

CONRAD HILTON HOTEL WALDORF ROOM

Tuesday, November 17th, at 8:00 p.m.

DR. BLISS, nationally known essayist, clinician, dental leader and educator since 1924, will present those principles of patient education and motivation which will create a desire for the very best in dental service.

The application of these principles in Prosthodontia will be given special emphasis.

Since graduation in 1922 from the University of Iowa, Dr. Bliss has taught at his alma mater. He has delivered over 400 lectures in all parts of the United States and Canada. He is the author of numerous articles and is widely sought after as an essayist. Each presentation is new, refreshing and inspiring.

MARK OFF NOVEMBER 17th . . . and be at the CONRAD HILTON HOTEL

There will be movies for the early arrivals at 7:00 p.m.

#### CAN YOU HELP?

Our Secretary recently received the following letter from our attorney, Mr. John R. Porter:

Dear Doctor Kanchier:

A request has come to the undersigned from the Chicago Christian Industrial League, 28 South Sangamon Street, for voluntary services of dentists for a total of 20 hours per month, in connection with the ministry of this organization to the people of the near West Side area.

I am advised by Dr. William Seath, Superintendent, that there is a completely equipped dental office in the premises of the League and that the services needed are primarily those concerned with extractions and fillings. I also understand that Dr. E. A. Reinholtzen, a member of Chicago Dental Society, has spent some time on this project and could give you a fill-in with reference to details concerning equipment.

Dr. Seath says that the rendering of this service could be during any hours convenient to the dentists, afternoon or evening. It might be 10 dentists each giving 2 hours time per month, or any other distribution of the time which would be convenient for them.

I have served on the Board of Directors of this rescue mission, I am completely familiar with its program rendered to the needy people of this part of our community, and I can recommend it as a worthy project for dentists who are interested in rendering this humanitarian service to their fellow man.

I shall appreciate personally your giving this matter your careful attention.

Sincerely yours,

John R. Porter

# Editorial

#### Forand Bill Will be Voted on During the Next Session of Congress

The Forand Bill will provide all social security recipients, all those eligible but not receiving benefits, dependents of persons eligible for retirement benefits and certain survivors of beneficiaries, free hospitalization for 60 days a year plus 60 days of home nursing—a total of 120 days in any 12-month period. Covered are all hospital services plus surgery and outpatient services.

Funds will come from an increase in OASI tax on both employer and employee of 1/4 of one per cent, a reduction from the original proposal of 1/2 per cent. It is a well-known fact that this would not produce the necessary revenue

and that once under way an increase would be necessary.

It is estimated that some 12,000,000 to 16,000,000 persons would be affected at a cost estimated to reach \$2 billion by 1969 and a payroll tax of 434 per cent to both employer and employee, a total tax of 9½ per cent of the employee's wages. In our case of self-employment it would mean a tax of some 7½ per cent of the first \$4,800.00 of earnings, or a tax of \$342.00 annually.

This is socialized medicine and dentistry by the back door, beside being prohibitively expensive. Below are a few of the dangers to a free profession:

Abridges free choice of physician or dentist; Interposes a third party into doctor-patient relations; Shifts responsibility of the care of the sick and aged from the family and local agencies to the Federal government; Inability to pay is not a condition of participation; Will reduce the quality of care; Program is not needed.

Inform your Senators and Representatives of your opinions!

#### Centennial Highlights

The centennial session of the American Dental Association in New York was colossal by even Hollywood standards. The attendance was a whopping 35,200 which in itself justifies the colossal designation. This is a figure far beyond any attendance to date. Of this number there were 17,007 A.D.A. members and 2,405 foreign dentists, making a total of 19,412 dentists in attendance.

The scientific sessions were equally stupendous in their scope as can be said of every other facet of the meeting. The social events were complete sellouts and presented on an extremely grand scale. The House of Delegates also had very busy and memorable sessions with the awarding of a large number of Honorary memberships to foreign and domestic leaders in dentistry.

Dr. Paul H. Jeserich was elevated to the presidency and Dr. Charles H. Patton was chosen President-elect, Dr. William Fennelly was elected 1st Vice-president; Dr. Gordon L. Teall, 2nd Vice-president; Dr. Ray Hart, 3rd Vice-president and Dr. Jerry Timmons was re-elected to his 5th straight term as Speaker. Also re-elected by the Board of Trustees were Dr. Harold Hillenbrand,

Secretary; Dr. H. B. Washburn, Treasurer and Dr. Lon Morrey, Editor. Dr. Robert Wells was re-elected Trustee of the 8th District (Illinois) for another three-year term.

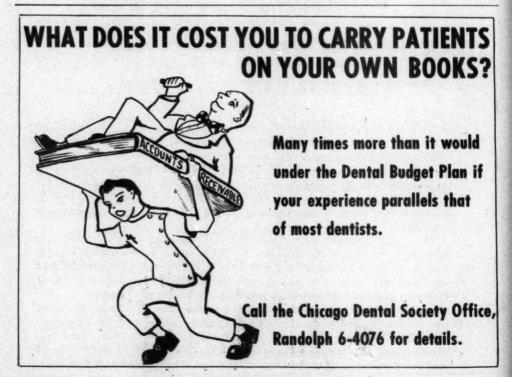

Also approved or re-affirmed by the House were several policies affecting military dependents' care, delegating to the Council on Education the specific responsibility for recommending special areas of practice, and that the term

Specialist denote full time or exclusive practice.

It was recommended that the Council on Hospital Dental Service continue its efforts to secure a seat on the Joint Commission on Accreditation of Hospitals. It was resolved that efforts of untrained and unqualified persons to gain a limited or an unqualified right to serve the public directly in the field of dental practice be opposed as detrimental to the health, safety and welfare of the public. It was approved that the rules of the A.D.A. Relief Fund be amended for three years as recommended by the Relief Council—that a bonus of one-fourth of the total contributed by each state society in the previous year will now be refunded to that state society provided that it has met its goal or quota that year and will have expended more than the one-half refunded under the equal-sharing basis (under the regular division, fifty per cent of its total contribution is refunded to the state society). It was further recommended that the relief grants be paid by the constituent societies. It was also suggested that we increase our support of the Science Fairs.

An item which will affect every member was the overwhelming approval by the House of Delegates of a \$10.00 increase in dues, making the yearly A.D.A. dues \$30.00. The vote was 375 to 35 for approval. This will enable the Association to carry on its expanded program and put away the balance in the

surplus fund which has not been added to since 1954.

# DECEMBER 8-9

# THE WEST SUBURBAN BRANCH EXTENDS TO ALL CHICAGOLAND A PERSONAL INVITATION TO HEAR

ABRAHAM BERLINER, D.M.D.

#### PERIODONTIA

DR. BERLINER, of New York City, internationally known educator, writer and clinician, has been called by many a "genius" in his field. An excellent speaker and an earnest teacher, he will present the problem of periodontally migrated teeth. He will demonstrate practical clinical rules for the repositioning of these teeth and the control and correction of diastemata. Don't miss this two-day session aimed at the general practitioner to assist him in the solution of an often seen problem.

"I know of no more encouraging fact than the unquestionable ability of man to elevate his life by a conscious endeavor."

Essays of Henry David Thoreau.

#### Regular Monthly Meeting of the Chicago Dental Society

Conrad Hilton Hotel October 20, 1959

President Hayes called the meeting to order at 8:00 p.m. A motion was made and seconded to dispense with the reading of the minutes of the May meeting. Motion carried. A motion was made, seconded and carried to approve the minutes of the May meeting as published in the October 15th issue of the Fortnightly Review.

Reports of boards and standing committees: none.

Reports of special committees: none. Unfinished business: none.

New Business:

- (a) Dr. George C. Turner, President of the Chicago Medical Society, was introduced. He brought greetings from the Chicago Medical Society and stated that problems of both societies were closely related.
- (d) Mr. Harold A. Smith, Chairman of the Professional Section of the Community Fund-Red Cross Crusade of Mercy, was introduced and a film was shown. Pledge cards were given to members as

they entered the ballroom and a plea was made for generous donations.

(c) A film was shown before the regular meeting which met with the approval of the audience.

(b) Dr. Ted Vermeulen, Chairman of the Monthly Meeting Program Committee, very ably introduced Miss G. Archanna Morrison, and explained the future programs of the year as published in the August 15th issue of the Review. Copies of notes of the speaker were passed out to the membership.

Dr. Vermeulen then called on Dr. Herbert Gustavson to present the speaker. He stated that no other person could have started our monthly programs with such impetus as Miss Morrison. The speaker very eloquently started her topic and captivated the audience for an hour and twenty minutes with her masterful presentation on Practice Administration.

Respectfully submitted,
Paul Kanchier, Secretary

**Every Wednesday in December** 

# News of the Branches

#### West Side

With the advent of Fall there have been announcements of many postgraduate courses, seminars, and workshops. Those of you interested in periodontia may regret not attending the seminar on Clinical Periodontics at Edgewater Hospital. Ably organized by Irving Stone (our speaker at the November meeting) and enthusiastically led by Frank Beube of Columbia University, this seminar was the best I've ever attended on periodontia. The staff at Edgewater Hospital is to be commended for their gracious hospitality and earnest cooperation. . . . Loyola Dental School has announced a whole series of courses in every department of dentistry . . . ditto with Northwestern University Dental School . . . all in keeping with G. V. Black's motto: - "The professional man has no right other than to be a continuous student." . . . Irving Secter has asked me to mention that there will be a Workshop on Hypnosis and Applied Psychology at Roosevelt University on Wednesday, December 9, 1959. Registration fee for this all-afternoon session is only \$3.00. Those interested should obtain a registration form from Roosevelt University. . . . Al Sells surprised his wife with a catered birthday party in her honor, indeed a touching gesture of marital bliss, indicative of Al's basic sentimental nature. . . . Chick Vission is back from a short trip to Michigan, having visited his son at school. . . . Walter Kelly is recuperating from a blood clot operation and we expect to see him at our next meeting. . . . Lou Holzman, our prexy, has appointed a committee to look into the possibility of an appropriate celebration for the 50th anniversary of the Branch coming up in '60. . . . Lou has also compiled a history of our Branch, interesting items of which will appear in future columns.—Samuel Silver, Branch Correspondent.

#### West Suburban

Far West Study Club will meet on Thursday, November 19th, at Louis' Restaurant in Addison, Illinois. Speaker will be Dr. Wayne Slaughter and his topic will be "Oral Surgery." The last meeting was an excellent follow-up on the West Suburban's meeting on illegal laboratories. Edgar Stephens of the Illinois State Dental Society was as usual very eloquent. . . . Syl Cotter returned from a trip to Hawaii and then decided to go to Las Vegas to see if he could win back his Hawaii vacation. Ed Budill is taking care of the store. . . . Happy to have Art Cooper from North Suburban at our last Riverside meeting. Was nice to see you, ole buddy. . . . The Lyle McNamara's will journey on a scenic cruise. Happy trails, Lyle. . . . Peter Irvine is moving to Naperville, Illinois. . . . Ev Walters has a new Impala convertible. Many happy drives, Ev. . . . Congratulations to Rolland Mathews on his life membership to the A.D.A. . . . Rolland and Mrs. Mathews are going to spend ten glorious days in the Ozarks. . . . Good Luck to Phil Long on his new location on North New England Avenue. . . . Ditto to William Aquilino who took over the late Paul Topel's office. William, Anthony Gargiullo and Gloria Alessio enjoyed an evening at the opera. They viewed the opera "Carmen." . . . Alvin Jacobson moved his office to Addison, Illinois. . . Lyle McDonald attended a seminar for one week with the Northwestern Study Group. . . . Berwyn Health Department gave a luncheon on October 7th for the participating dentists in their program. . . . Ronald Gresens leaving dad, Werner, while he jaunts off to Washington, D. C. . . . Carl Mitchell's expecting next August. . . . Tony Francel and Missus off to Washington, D. C. . . . Joe DePinto going big game hunting in Montana. He claims he will bag an elk. Announcing a

Perry Dontist claims that "People who aren't afraid to roll up their sleeves seldom lose their shirts." . Happy Thanksgiving-D. J. Catrambone, Branch Correspondent.

#### Northwest Side

In recent weeks much of the national news has been devoted to TV quiz shows. Rigged shows had apparently become commonplace, until some righteous souls decided they might have taken home more loot than they had. At the moment we won't argue the merits of rigging to produce a more appealing show. Our primary concern is the aftermath in which former contestants have disappeared for periods of time in an effort to avoid Congressional interrogation. They now seem to have a reluctance to answering questions. And so it appears the Northwest Side Branch has holed up for a while until the heat is off. No news for a couple of weeks. Honest fellows, we'll consider all that you tell us privileged testimony. We'll assure you it will go no further than this column. But please send us some news about yourself, your families, your hobbies or anything else that may make good copy. We'll write the news just as you give it to us with no rigging. Well, maybe just a little bit! ... We made a few phone calls and came up with the following items: Mrs. Jack Ap-

7one

plebaum is in Michael Reese hospital. We wish her a speedy recovery. . . . Joe Lebow's son Irvin bought a new home in Normal, Ill. Irwin practices oral surgery and anesthesiology in Bloomington. loe is going to Florida for a month, but will cut his visit short to attend the Alpha Omega national meeting at the Drake hotel between Christmas and New Year's. . . . Bob Placek and Joe Lebow of the Dental Budget Committee have been arranging plans for a better budget system. The Ches Jasicks will be celebrating their 13th wedding anniversary. Ches hopes to go bird hunting. Now that doesn't sound right. I wonder if he meant before, during or after? . . . Ben and Mrs. Davidson went to Milwaukee to attend a regional bridge tournament. While there he was watching the Dave Garroway show and Ben was sure he saw Wallace Davis being interviewed. Ben wonders whether anyone else saw that program or is he the only early riser on the northwest side. . . . Mitch Kaminski's niece, Frances Wolosewick, has been selected as Intercollegiate Council queen. She is a sophomore at Mundelein College. . . . Our little three-day outing with the Boy Scouts has left us a little tired, but none the worse for wear. We're looking forward to the pampering luxuries of pajamas and an electric blanket, but with a good feeling in our heart that the boys enjoyed sleeping bags and long-handled underwear. . . . Well, let's put this column to bed and me too .- Victor T. Weclew, Branch Correspondent.

#### North Suburban

The main item on the agenda this mid-November is the fact that our joint North Suburban, Lake County, and Armed Forces meeting has been changed from Dec. 1st to Dec. 3rd, a Thursday. Our main speaker of the day, at Fort Sheridan Officers' club, will be Col. Joseph Bernier, officially known as the Director of the Dental Division of the Armed Forces Institute of Pathology at Walter Reed Hospital in Washington, D. C. He will

### Dentists find helpful new use for Lavoris

Lavoris helps you take clearer, more exact impressions by reducing the possibility of troublesome air bubbles.

Also, its unique detergent action effectively and thoroughly cleans away mucus, food particles and impurities.

During extractions or other dental procedures, Lavoris acts as a masking agent when minor hemorrhage occurs.

And, Lavoris has a refreshingclean stimulating taste.

A professional-gallon size is available to members of the dental and medical professions. \$2.50 prepaid to your office.

Send check to: LAVORIS DIVISION
Vick Chemical Company
Box 990
Wilmington 99, Delaware
Professional samples
for office and patient use
available on request.

LAVORIS

discuss the varied activities of the institute, and the latest findings on the effect of high speed operative dentistry on the dental pulp. The program begins at 2:00 p.m., with a social gathering from 5-7:00 p.m., followed by a dinner and entertainment. . . . Jane Selbe, Skokie, president-elect of the local chapter of the ASDC, tells me that their latest gathering at the Pearson Hotel in Chicago, on October 20th, was well attended through the afternoon, although unfortunately, they conflicted with the Loop CDS meeting that evening. Among the North Suburban members seen at the ASDC meeting were the Sr. and Jr. Corvin Stines, of Evanston; Al Altman, Highland Park; and F. Schroeder and Morris Virnig, both of Arlington Heights. . . . On mentioning the Corvin Stines, now that the senior Stine's wife is out of the hospital, I'm sure the North Suburban members will join me in wishing her a speedy final recovery. . . . A few men have taken trips recently, for better or for worse. Leo Janks and Gil Mackey, with a few others, went north to Canada to rough it, and instead were confined to their cabin for five days by an early snowstorm. . . . Norm Joffee, Highland Park, was off to England for two weeks in October. . . . I attended a fine tribute to our profession by the Chicago Historical Society and the CDS in observance of the ADA's centennial anniversary at the Historical Society's auditorium on Sept. 24th. Those who did not attend missed more than they know. . . . The executive committee of the Lake County Dental Society has passed a new by-law; from now on, only legitimate members of the ADA will be allowed to join our little organization. . . . Incidentally, if anyone knows of prospective CDS members, the time to apply for membership for 1960 is after Nov. 1st, as it takes four to six weeks for the membership committee to process applications. . . . I'm sad to report the death of Henry Baum, of Waukegan, of cardiac failure, near the end of October. . . . Carl Brasmer, Evanston, took off westward, for three weeks to visit his progeny and grandprogeny in September and Oc-

tober. I can remember when Carl was a mere father, and I was a teen-aged patient. Little did he know that in encouraging me to pursue a dental career, that I would end up spying on him. . . . Drs. Kennedy and Hall, of Arlington Heights, were down in Columbia, Missouri, in October, to attend a course by Ercell Miller on ideal dentistry, and how to con one's patients into accepting ideal dentistry. ... I don't know if he'd like to admit it, but one might ask Herb Kazmer, Palatine, what it's like to set a 50-pound outboard motor on one's thumbs, so that one must holler for help to be released. ... Sherm Johnston, of Ravinia, is finally back at the office, but only part, or half, time. . . . Bob Jans, Evanston, and spouse, recently moved into their new home in Winnetka, which his friends refer to as "Jans' Castle"; must be a big place. Also, I understand child #7 is due, to a wife who looks like daughter #1. It's too bad some men can't appear as youthful as their wives. . . . If anyone has money to burn, or invest, contact Earl West, Mundelein, of restaurant and water skiing fame, who is active in the formation of a Mundelein building and loan association. -William S. Sherwood, Branch Correspondent.

#### North Side

These 1st and 15th of the month deadlines are getting around faster and faster each month. And to get news from some of you North Siders is like the proverbial "surgical removals." In one stretch of telephone calls to 22 men, 19 had absolutely no news at all. Now things aren't that dull!! . . . I got a real "good news" item from Joe Gordon. His eldest daughter has just announced her engagement to a lad from Indianapolis. To hear Joe tell the story is really touching. The young man got Joe alone and after a half dozen "ahems" finally blurted out the request for his daughter's hand, amid a pool of perspiration. Joe gave his consent and then headed for the bar. When the third

You are familiar with the quality and wide acceptance of Crescent products... To help celebrate the A.D.A. Centennial and enable you to combine thrift with fun . . . we have prepared the 100th Anniversary Package.

Well known to collectors of antique mechanical banks is the amusing 19th Century "Dentist Bank". Made of cast iron entirely by old hand processes, painted in many colors, originals today bring as high as \$500 when they can be located.

Crescent has ordered a limited supply of authentic reproductions duplicating the original as closely as possible. Here, indeed, is a real "conversation piece" that belongs in every dental office. It's colorful, attractive, fun to operate, and an appropriate souvenir you and your patients will truly enjoy.

One of these desirable Dentist Banks will be included FREE with every Anniversary Package. Worth approximately \$15, it is sure to become a collector's item. Get this handsome, historical, mechanical bank for your office.

#### Patients are Precious

Patients are the life blood of every dental practice — they feed and nurture your practice from the first day you open the door of your office until the day you retire.

Your patients are your practice. More important, they are the prime source of new patient referrals.

Professional skill is not enough! Today's patient demands complete treatment as a person — he is not just another dental case.

PBP's program is designed to serve your patient. You owe it to yourself to investigate PBP, for your patient, your practice, you.

Send today for your copy of "PBP, What it is . . . What it does."

#### NEWS OF THE BRANCHES

(Continued from page 20)

bottle of champagne was finished, he was almost back to normal. And I am going to go through the same thing four times with my gals. Rube Kadens then proceeded to give Joe the benefits of his experiences in just completing a wedding celebration with his daughter. And then we heard from Henry Parkin (no daughters) but we can't print that. Again, good luck, Joe, and a very happy June wedding. . . . Phil Merzer went up to Canada to do some fishing. Had a wonderful time but did not catch any fish. . . . Orrin Baumgarth is up north at this writing to do some deer hunting. Please let us know what you got, Orrin. . . . Herb Blum had a 20-minute conversation with my secretary and I really expected a slue of news but upon completion she told me he had no news but he was real nice. Come on now, Herb, that's on my time. . . . Bob Margolis tells us he is taking a course in Oral Surgery at Illinois and Joe Stillerman is thinking of taking the Goldman graduate course at the University of Pennsylvania to get his degree in Periodontia. Good luck to both you boys. . . . I received a very interesting letter from Hy Elfenbaum which I'll try to summarize. He has been dental consultant at Michael Reese Hospital on their geriatric rehabilitation project. In July, he flew from London by Russian jet to Moscow, Leningrad and Kiev as a tourist with side-long glances at their inadequate dental situation. He enjoyed the pleasant contrast in beautiful Copenhagen and then visited both Berlins. Then on to Istanbul and finally to an Alpha Omega convention in Tel Aviv, where Dr. Isaac Schour was the guest speaker. He is very enthused over dental conditions in Israel. On the return flight he stopped at Athens to marvel at the glory of Greece. An unexpected landing was made in Iceland, due to engine failure, but all 84 passengers behaved wonderfully. The balance of the trip was uneventful. Thank you for a swell report, Hy, and let's see you at the next branch meeting so that we can ask you lots of questions. . . . Speaking of trips, Hank Parkin parked his son Jimmy, his poodle, Susie, and his parakeet, Dickie with his in-laws and he and Pat made a night club and gambling tour of Las Vegas. That's quite a large family, Hank. He gave such a terrific essay clinic at our Midwinter Meeting on fees and income that he has been invited to talk again at the Michigan State meeting in May at Detroit. While on the subject of meetings, let me remind you once again, for the last time, that our clinic day is coming along fine and all we need is your attendance. Our committee really outdid themselves in getting exceptional talent which will make your visit enjoyable and profitable. The day again is Wednesday, November 25. I was asked if this was for North Siders only and the answer is "no." Any other branch member, his personnel and family may attend. See our advertisement published in this issue for complete information. . . . Irv Secter sent an interesting note which I would like to pass along. Irv is on the faculty

of Roosevelt University and they are having a workshop on Hypnosis and Applied Psychology at Roosevelt University on Wednesday, December 9, from 1:00 to 5:00. The subjects they will discuss are right from our list of daily problems and it most certainly should be a well-spent afternoon. Good luck, Irv, count me in. . . . Through Wally Shulruff we found out that Jules Hazelkorn's wife was in the hospital. Further checking showed she is now at home and feeling fine. . . . Ted Siegel's wife also had a rough summer but is now fine. They recently became residents of Skokie and that seemed to be the right medicine to perk her up again. Ted's son, Allen, is in his second year at Northwestern University taking pre-med. Ted also tells us that even though he is a suburbanite, he is not shopping for a sports car. He has a big one—a mortgage that is. . . . Don't forget us in the news department-LO 1-7729. - William Semiloff, Branch Correspondent.

#### Kenwood-Hyde Park

Man, Oh, Man! Those deadlines sure come sneaking up fast. By the time you have just barely managed to meet one, another is nudging you to the typewriter. Thanks to my good good friend Henry Leib "boy columnist" I won't have to worry about the next one, because Henry will do it. This little chore should keep him out of bars and away from race tracks for a while anyway. Betty and I

are going to New York for some theatre, some gourmandising, and to get away from the "children" for a few days. . . . I inadvertently left out an important council appointment from the last column; Frank Orland, Director of Zoller Clinic, was reappointed to the council on Dental Therapeutics at the A.D.A. meeting. . . . At the recent National Dental Association meeting held in Cincinnati, Kenwood-Hyde Park was very well represented. Fred Moore gave a projected clinic on the theory and practice of occlusion in full denture work. Mack Tanner presented a paper on high speed techniques, and Bill Rogers presented a clinic on Dentistry for Children. There may have been some others, and if I have neglected to mention any names, please let me know. . . . Jack Flanagan was certainly enthusiastic about the denture seminar he attended at Lac du Flambeau. This is the annual meeting arranged by the Northwestern Alumni of Wisconsin, and the program is part scientific and part fishing. Jack caught a big muskie each day, not the little ones, but real "keepers" (now I assume that after such a meeting he can make a denture for a fish). Jack recommends this for next year to any interested parties. . Dave Torch looked especially sharp at the A.S.D.C. meeting at the Pearson. It's the "continental style." . . . Milt Braun had so much time on his hands, that he decided to do some teaching, and now he is a full-fledged faculty member at Loyola. . . . Maurie Leaf must be real excited about his new office building. It's

being designed by a very fine architect, and from the sketches I have seen will be one of the outstanding dental offices in the country. . . . Grandfather department-Harry Hartley jumps every time the phone rings, he is expecting his first grandchild any moment now. . . . Jesse Carlton is a bit more calm. He is momentarily expecting his second and third. . . . Bill DeLarye (the handsomest dentist in the Field Annex) has moved from McHenry to the country club area of Barrington. He is very happy with the train schedule. . . . Linn Cooley has just been re-elected to the board of directors of the South Chicago Kiwanis. . . . Ben Herzberg, Jack Moran, Larry Johnson, and Sid Berg all went to the N.U.-Minn. game and had a wonderful time, but got plenty wet in the pouring rain. . . . Nailbiting department-Eddie Schaaf waiting for his first and getting an awful lot of teasing. . . . Mel Maclin waiting too, and he says even if it isn't the first it's still a strain. . . . Don't forget to tell your patients to watch Channel 11 and to listen to WIID radio when the dental programs are on. . . . Phone Henry Leib at MI 3-9607 with news for the next column.-Stanley R. Korf, Branch Correspondent.

a program leading to an advanced academic degree is available.

For particulars regarding eligibility for this program, please contact by mail: Dr. Harry Sicher, Director, Department of Oral Anatomy, Loyola University School of Dentistry, 1757 W. Harrison St., Chicago 12, Illinois.

#### ARCOLIAN MEETING

The Arcolian Dental Arts Society will meet Tuesday, November 24th, at Tony and Louie's. The meeting will begin at 8:30 p.m. and the speaker will be Dr. Gene Molner on "Rubber Base Impressions." Let's see some of you fellows from the South Side. We promise you an evening of good fellowship and knowledge to further your dental education. Tony and Louie's is at 4211 W. North Avenue.

#### NORTH SIDE BRANCH ANNUAL CLINIC DAY

The annual clinic day of the North Side Branch of the Chicago Dental Society will take place on November 25 at the Edgewater Beach Hotel. Limited Attendance Clinics will be presented from 9:00 to 12:00 by Dr. Ross Waltzer and Mr. Tom Lawrence.

The luncheon speaker will be Dr. Morris Hershman, humorist and psychologist; his subject, "Getting Into Orbit." As a special feature, Mr. Edgar Stephens will discuss the new law re-

quiring signed work orders to the laboratory starting with the first of the year.

Table clinics and commercial exhibits in the afternoon will round out this allday affair.

#### NORTH SIDE BRANCH TO VOTE ON CHANGE IN CONSTITUTION

By action of the Board of Directors of the North Side Branch of the Chicago Dental Society, the following Constitutional Amendment is hereby proposed:

"Because of the limited number of regular meetings being held each year by the North Side Branch and the possible difficulty in arranging for national or local speakers and programs for an annual meeting to be held in any single specified month, the following changes in Article IV, Sec. 1, are hereby recommended:

"Article IV, Sec. 1, now reads: 'The ANNUAL MEETING of this society shall be held in April.' This is to be amended to read:

'Article IV: Meetings—Section 1: The ANNUAL MEETING of this society shall be held in March or April as annually designated by the Board of Directors.'"

# FRANK E. BEUBE NAMED HONORARY DIRECTOR OF EDGEWATER HOSPITAL

Dr. Frank E. Beube, Professor and Head of Dept. of Clinical Periodontics, Columbia University School of Dentistry, has been named as Honorary Director for the Dept. of Clinical Periodontics of Edgewater Hospital, Chicago. In addition to serving in an advisory capacity, Dr. Beube will serve actively as a permanent member of the teaching staff.

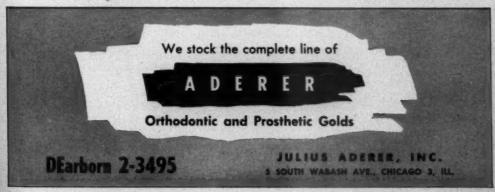

Dr. Beube recently conducted a threeday seminar in Clinical Periodontics at the hospital. He was assisted by Dr. Jack C. Penticuff, Capt. Robert C. Loving and Dr. Irving C. Stone. Seminars and active clinical participation courses now being planned will be announced in the near future.

#### ASSISTANTS FORM STUDY GROUP

At a recent meeting in the Sheraton Towers Hotel, an enthusiastic group of dental assistants got together for the purpose of furthering their knowledge and skill in dental assisting, with the ultimate goal being a high standard of dental assisting and dental nursing.

It was voted upon to name themselves "The Doctor Boyd Dental Assistants Study Group." Membership will be limited.

Charter members of the organization are: Mae Higgins, assistant to Dr. F. M. Higgins; Norma Daniels, assistant and Sharon Skuble, hygienist to Dr. T. Mc-Cullough; Marie Hanlin, assistant to Dr. S. Metcalf; Hilda TenHove, assistant and Patricia Magee, assistant for Dr. L. W. Boyd; Vera Haertel, assistant for Dr. D. Pesch. Vera is acting chairwoman for the group.

#### CRUSADE OF MERCY

You serve some of them yourself. With one simple merciful act, you can serve them all—the sick in spirit, as well as body; the troubled teen-ager, the desperate family, the homeless child, the severely handicapped.

With one simple merciful act, you can change their despair to dignity, their sorrow to sunshine, their defeat to hope.

You can help change the "Year of Crisis" to the "Year of Mercy."

More than 500 key business and professional leaders have already pledged 1% of annual income as their "mercy" gift. Will you seriously consider making a similar pledge?

Look into this face—and let your mercy be your guide to giving.

THE DENTISTS' SUPPLY COMPANY OF NEW YORK YORK PORSONNELL

Man's nearest approach to the creation of . . . . . .

Natural Tooth Enamel

The Kramer Automated Electronic Porcelain Firing Furnace makes possible the most naturally beautiful ceramic crown and bridge dental restorations ever known for the dentist.

This is now achieved through precise control of vacuum in absolute correct ratio with temperature rise.

The durable qualities of such finely fired porcelains result from controlled tempering after final firing.

It is truly man's nearest approach to the creation of natural tooth enamel and a major contribution to the dentist's answer regarding his "Magnificent Challenge" in the great arts of Dentistry.
